CINCINNATI RESIDENTIAL ELECTRIC

FOR REAL-ESTATE INVESTORS

The only Cincinnati electrical crew that *publishes our prices.*

If you flip, BRRRR, or run a small portfolio, you've already done the math on what surprise electrical costs do to a deal. We took that math off the table. Every service we offer is priced — out loud — at **vre-construction.com/pricing**. You get an itemized written bid in your inbox, often before the walkthrough. We pull permits in our name. Our crew of four does whole rehabs.

PREDICTABLE

Range bid up front. Firm number after a 15-minute walkthrough. We don't change it without your written sign-off.

PERMIT-PULLING CREW

All permitted work pulled in our name. Inspection coordination included — you don't chase it.

\$2M GENERAL LIABILITY

Background-checked crew. Family-owned. We text you the morning of, and again when we're parked out front.

QUIET INVESTOR REBATE

8–12% off labor as a credit on your next bid after three booked jobs. We don't publish it. We just apply it.

What we typically run on a flip or BRRRR

SCOPE	TYPICAL RANGE
200A panel replacement (same location)	\$2,485 – \$3,785
200A full service upgrade (meter, mast, panel)	\$3,285 – \$5,485
Federal Pacific / Zinsco replacement (we never just rebalance these)	\$2,185 – \$3,985
K&T 2nd-floor + attic rewire (most common Cincinnati scope)	\$4,985 – \$9,985
Whole-home rewire — 1,200 sqft worked example	\$9,800 – \$14,500
Whole-home rewire — 2,000 sqft worked example	\$16,000 – \$24,000
Kitchen remodel electrical (basic)	\$2,485 – \$4,985
Bathroom remodel electrical (full)	\$1,485 – \$3,485
NEMA 14-50 EV outlet, exposed conduit, <25 ft	\$685 – \$1,185
Outlet replacement, 10+ at one visit	\$85 ea

"Send me the address before you close. I'll text you a number for the panel and a number for the full electrical scope inside 24 hours. If the deal works, we book the walkthrough. If it doesn't, you've spent zero." — Cade, owner
